

SWAPNIL SUPE

Computer Engineering Student | ML & Software Developer

Email: swapnil@example.com | Phone: (555) 019-2834

SUMMARY:

Passionate Computer Engineering student with expertise in Python, Machine Learning, FastAPI, and Web Development. Strong foundation in NLP and Data Science.

SKILLS:

? Programming: Python, Java, SQL, C++, JavaScript

? Frameworks & Web: FastAPI, React, Node.js, REST API

? AI / ML: Machine Learning, NLP, scikit-learn, TensorFlow, PyTorch, Pandas, NumPy

? Tools: Git, Docker, Linux, VS Code

EDUCATION:

B.Tech Computer Engineering - Current (Senior Year)

Relevant Coursework: Data Structures, Machine Learning, Database Management Systems, NLP.

PROJECTS:

1. AI Resume Screening System:

Built an automated ATS candidate evaluation tool comparing TF-IDF, N-Grams, and Sentence Transformers embeddings.

2. Smart Hospital Management App:

Developed a full-stack health platform using FastAPI, React, and SQL database.

CERTIFICATIONS:

? Machine Learning Specialization by DeepLearning.AI

? Python Developer Certificate
